

MINING

Lubrication Solutions

PROVEN QUALITY. LEADING TECHNOLOGY.

DRIVE NON-STOP MINING PRODUCTIVITY AND MITIGATE RISK IN QUARRY OPERATIONS

PREVENT SUDDEN, COSTLY MINING EQUIPMENT DOWNTIME

There's no stopping in the 24/7 world of mining. Just one hour of downtime can cost \$10,000 for an idle truck and up to \$50,000 for an immobilized shovel. Graco mining solutions are built to keep equipment running and simplify service work for a positive impact on your bottom line.

ELEVATE MINE SAFETY AND GAIN PEACE OF MIND

Mine safety is one of your top priorities. Yet performing mining truck maintenance can lead to dangerous working conditions. Graco mining solutions deliver automation and connectivity which means less manual intervention, more visibility and better mine safety.

IMPROVE HAULAGE EFFICIENCIES AND CREATE A SMART MINING OPERATION

Always-on, high-performing mining equipment means increased productivity and maximum tonnage per hour. With Graco systems on board your machines and in your service workshops, you'll be prepared for the latest in smart mining operations.

NOT ALL AUTOMATIC LUBRICATION SYSTEMS ARE BUILT THE SAME

Mining professionals trust Graco solutions to elevate everyday performance.

- **Compact Power**
- **Smart Power Train**
- **Integrated Auto-Fill Shut Off**
- **Real-time System Reporting**
- **Smart Device and Mobile App**
- **IP69K Rated**
- **Simplified Service and Repair**

DIG DEEPER INTO PRODUCTIVITY WITH GRACO.

Graco offers an expansive range of robust, reliable and proven solutions to simplify everyday fluid management, including lubricating the yellow iron machines critical to your operation. Choose Graco equipment to keep your crews safe and your machines running while capturing more data for more informed decisions – so you can profit from non-stop productivity.

MINING WORKSHOP

FLUID DISPENSE

- Industry-leading pumps, hose reels, dispense meters and fluid monitoring tools
- Swap spent fluids quickly and safely
- Expedite the removal of unwanted oils, water and other waste material

FLUID CONTROL, FLUID MANAGEMENT & TANK LEVEL MONITORING

- Program fluid dispense volumes, monitor activity, and simplify inventory tasks to make more informed decisions about your fleet
- Track tank levels, capture and apply data, and allocate inventory quickly, accurately and confidently

MATERIAL PROCESSING

- Solutions that enable automation and connectivity, enhancing mine safety for more operational visibility with less manual intervention
- Systems built to keep equipment running and simplify service work for a positive impact on your bottom line

LUBE & SERVICE TRUCKS

- Fluid dispense equipment for quick and safe mobile service
- High flow pumps and meters allow for more efficient fluid changes and grease reservoir refills
- Equipment designed for the harshest mining environments

ON-VEHICLE AUTOMATIC LUBRICATION

- Solutions for lubricating heavy equipment throughout the mine
- Capture critical real-time data that you can leverage for faster, smarter decision-making
- Hydraulic, pneumatic and electric solutions so no matter what you drive, Graco's got you covered
- Drop-in upgrade for stock systems, no additional configuration needed
- Pioneering cartridge injector technology enables up to 20x faster replacements, extends injector life by 2-3x and integrates seamlessly with existing systems

ALWAYS INNOVATING. ALWAYS RESPONSIVE.

For nearly a century, Graco has designed, delivered and supported solutions that you use every day. We help simplify everyday tasks and improve productivity for forward-thinking workers and businesses around the world.

Whether you're servicing vehicles, operating heavy equipment, performing maintenance repairs, working on an oil rig or running manufacturing lines, we're your one trusted source for proven lubrication equipment and bulk fluid management solutions designed to maximize your profitability. Because we understand just one hour of downtime can equal tens of thousands in lost revenue.

INNOVATIVE

We listen to our customers and adapt to their needs. Our investment in R&D is unparalleled, empowering Graco to create more reliable, connected, and easier-to-use automatic lubrication equipment, bulk fluid management and fluid transfer systems.

QUALITY

From our best-in-class manufacturing processes, rigorous product testing and industry's best warranty, you always know that Graco solutions are going to get the job done – and stand the test of time. That's why you can find Graco products over 50 years old still in operation.

CONSULTATIVE

Being a consultative partner takes work – and we're always up for it. Graco and our distributors want to work with you to identify, design and install the best solutions for your needs to ensure you receive the maximum ROI on your investments.

RESPONSIVE

When you need an answer, we're just a phone call away. Our support team is committed to providing you with a superior customer service experience and a reliable and fast response. Because we know downtime means lost revenue.

Every Graco purchase comes with A+ Customer Service.
