

TRUMIX XT™

Variable-Ratio Mixing System

PROVEN QUALITY. LEADING TECHNOLOGY.

MEET YOUR NEW MIX STATION

Gone are the days of manually mixing in buckets and worrying about costly mix errors. Graco's TruMix XT variable-ratio mixing system is a revolutionary solution for mixing 2-component floor coatings. This system is capable of mixing up to 454 Litre per hour and can support nearly any ratio with superior accuracy and mix consistency over traditional bucket batch methods.

- ✓ **FREES UP LABOR FROM MIXING**
- ✓ **ELIMINATES MIXING ERRORS**
- ✓ **MIXES UP TO 454 LITRE PER HOUR**
- ✓ **SUPPORTS FULL RANGE OF RATIOS FROM 1:1 TO 6:1**
- ✓ **REDUCES MATERIAL WASTE**
- ✓ **MAXIMIZES MATERIAL WORKING TIME**

FREE UP LABOR FROM THE MIX STATION TRUMIX XT REDUCES MIXING LABOR, INCREASING PRODUCTIVITY AND PROFITABILITY

REDUCE JOB LABOR COSTS
Support jobs with smaller crews

INCREASE CREW PRODUCTIVITY
Re-allocate labor to increase productivity and quality

ACCELERATE GROWTH
Complete more jobs and larger jobs

MODEL	PART #	TRUMIX XT ACCESSORIES	PART #
TRUMIX XT Variable-Ratio Mixing System	2003103	Replacement Mixing Hose (1 Pack)	2004623
		Replacement Mixing Hoses (3 Pack)	2002743
		ProConnect Pumping System	2003160

A PERFECT MIX EVERYTIME

WITH TRUMIX XT, YOU'LL NEVER HAVE TO WORRY ABOUT WET POURS OR MIXING ERRORS

PRECISE RATIO CONTROL

SmartSync™ Control (PATENT PENDING)

Advanced control system constantly monitors the system's performance and makes instantaneous adjustments to ensure the best possible mix.

Xtreme Torque™ Brushless Motor (PATENT PENDING)

4X finer resolution than traditional motors for superior ratio accuracy and control.

SUPERIOR MIX CONSISTENCY

CrossLink™ Multi-Stage Mix Hose (PATENT PENDING)

Patent-pending multi-stage mixing process provides superior mix quality over traditional bucket-batch methods.

PEACE OF MIND

RatioGuard Ratio Assurance

Multi-point monitoring system actively detects potential off-ratio conditions before they can be dispensed.

Integrated Ratio Check

Quick and easy ratio check procedure at start-up ensures a smooth and successful application.

MIX WHAT YOU NEED, WHEN YOU NEED IT

TRUMIX XT MIXES MATERIAL ON DEMAND, GIVING YOU THE FLEXIBILITY TO MIX MATERIAL AS YOU NEED IT.

REDUCE WASTED MATERIAL

TruMix XT minimizes wasted material by allowing you to mix only what you need. This is great for situations where a partial kit is desired, such as coating a small area or working with a fast-curing material.

BATCH MODE — NO MEASURING REQUIRED

The BATCH feature allows you to choose exactly how much material is mixed every time — from 0.76 to 95 litre. No measuring is required — just specify the amount and exactly that much mixed material will be dispensed!

MAXIMIZE MATERIAL WORKING TIME

The challenge of applying fast-curing materials just got easier. With TruMix XT, material is dispensed instantly after mixing, giving you every possible second of working time.

INCREASE CREW PRODUCTIVITY

Mix and apply faster with fewer people at the mix station.

MAXIMUM FLEXIBILITY

TRUMIX XT EASILY ADAPTS TO A BROAD RANGE OF JOBS AND WORKSITE CONDITIONS

MAXIMUM FLEXIBILITY

Mobile Dispense

- System can be used to fill buckets as well as dispense straight to the floor for maximum material working time

High-Capacity Lithium Battery

- Battery power allows you to mix where you want, regardless of power availability
- Provides up to 946 Litre per charge
- 120V plug-in for high-volume jobs

Container Flexibility (PATENT PENDING)

- Removable bucket holder allows system to be used with a wide variety of off-the-shelf high-capacity containers
- Ideal for situations where material is stored in drums or totes

SIMPLE OPERATION

SmartSync™ Control guides operator through the entire setup

- Auto Prime™ primes both pumps and loads the hose with mixed material with the push of a button
- Instant Ratio Check verifies that you are on ratio before you begin your job
- Custom Batch Settings allow you to dispense the exact amount material needed — no more, no less
- Clean the entire system in less than 5 minutes

PROCONNECT™ SWAPPABLE PUMPING SYSTEM (PATENTED)

- Entire fluid system can be swapped in seconds — without tools!
- Avoid material compatibility issues by using dedicated pumping systems for different coatings

1) Remove retaining clamps and pressure transducer connections

2) Tilt pump assembly back

3) Remove ProConnect Pumping System

USE IT AS A STATIONARY MIX STATION

OR TAKE IT TO THE FLOOR!

ABOUT GRACO

PROVEN QUALITY. LEADING TECHNOLOGY.

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.
