

# TOUGHTTEK® SL340e

Self-Leveling Floor Topping Pump

## LET THE PUMP DO THE WORK!

The SL340e self-leveling pump eliminates the need to move mixers around the jobsite. Now you can keep the mixer and material in one spot, while using the hose to reach your work areas, Graco's rugged Quick-Access Piston Pump offers long life and a low cost of ownership for maximum productivity and profitability.

### Mix and pour in one location

Position the material and pump where you need it

### Eliminate trips to-and-from mixing area

Easily deploy hose through the site to the floor

### Cover areas quickly — while keeping a wet edge

Uninterrupted continuous flow for maximum productivity

## BENEFITS YOU'LL APPRECIATE!

**High-performance** — Pump up to 130 bags an hour to get the job done faster

**Lightweight and portable** — Only weighing 210 lb it's smaller and lighter than comparable high performance pumps

**Plug and play** — Work on a standard 120V wall outlet for maximum convenience

**Less downtime** — Proven Quick-Access Piston Pump lasts longer and offers a lower cost of ownership than rotor stator pumps

**Easy maintenance** — No-tools disassembly of outlet manifold and pump components to keep your pump up and running from one job to another

Self-Leveling Topping Pump

## PROVEN PISTON PUMP PERFORMANCE

Graco's double-displacement piston pump technology offers unmatched performance. Oversized clearances ensure minimal pressure drop and trouble-free performance.

TOUGHTTEK SL340E	PART#
Bare	25B509
Package Includes: (2) 1-3/8 in x 50 ft (35 mm x 15 m) Material Hose	25B510

SPECIFICATIONS	PART#
Material Output	12 gpm (45 lpm) – Up to 130 bags per hour (self-leveling)
Max psi (bar)	600 (42)
Max Particle Size	5/16 in (8 mm)
Max Hose Length	150 ft (46 m)
Hopper Capacity	30 gal (114 l)
Pump Outlet	1.5 in (38 mm) Camlock
Weight	210 lb (95 kg)

ACCESSORIES	PART#
S340e Hopper Kit Converts S340e to a SL340e Includes: Hopper, Hose, Foot valve, Ball Stop, Elbow, Clamp	25T298
1-3/8 in x 50 ft (35 mm x 15 m) Material Hose	27A004
Check Ball Kit (Includes inlet and piston balls)	25A467
Pump Rebuild Kit (All soft seals and check balls)	25A233
Static Mixer Kit	25C823
Pump Cylinder O-ring Kit (10 Pack)	16W490
Remote Switch Kit	17W604

### Convenient 120V Power

- Plugs into standard 120V wall outlet
- No electrician or rewiring needed

### Adjustable Material Flow Control

- Dial in the exact flow needed for your job
- High or low flow — you decide!

### Low Profile 30 Gallon Hopper

- Easily mix and pour with standard barrel mixers
- All steel construction for years of service
- Sloped design allows maximum flow to pump

### No-tools Hopper Removal

- Disconnect in seconds for easy cleaning and transport

### Compact and Portable

- Weighs only 210 lb
- Easy to transport

### MaxPower DC Brushless Motor

- High-torque = more work done
- No maintenance design
- Totally-enclosed design keeps dust and debris out

### Durable Quick Access Piston-Pump

- Heavy-duty steel construction for long life and everyday performance
- Oversized inlet and internal passages for trouble-free pumping
- Quick-access design for fast and easy maintenance
