

GX™

The Essential Painting Tool for Professionals

PROVEN QUALITY. LEADING TECHNOLOGY.

The Essential Painting Tool for Professionals

Three reasons why contractors are switching to GX:

- **PERFECT AIRLESS FINISH:** finish more jobs quicker, and with a better finish.
- **EASY TO CARRY AROUND:** take your corded or cordless sprayer wherever you go.
- **EASY PUMP REPLACEMENT:** no tools needed, so no downtime expenses.

A quality airless sprayer has never been this **affordable**.

GX airless sprayers are an essential tool for professionals. The innovative design lets you take your first steps into airless spraying with just a limited investment.

The GX range covers everything from one wall and residential repaints to large finish projects. For both water-based and solvent-resistant materials.

An overview of the different units to help you find the sprayer that best suits your projects.

Model	GX19	GX21	GXFF
Material	Waterbased materials	Water- and solvent based materials	Water- and solvent based materials
Application	Ideal for interior walls and ceilings	For professional residential repaint, new builds and small fine finish jobs	Medium to large fine finish projects
Power source	Corded	Corded or cordless	Corded or cordless

GX™ 19

ProX stainless steel piston pump

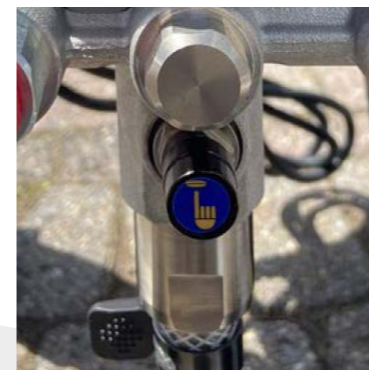

Exceptional durability and long life piston pump

Professional SG3™ Gun

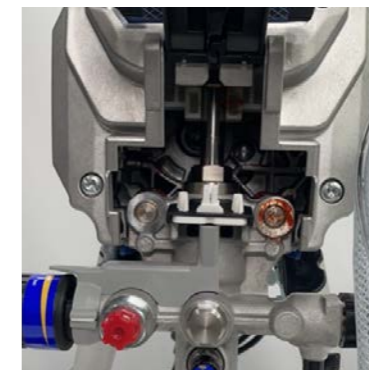

With RAC X™ LP517 SwitchTip and Guard, 15 m hose

Direct Immersion design

Draws paint directly from paint buckets

A Push Prime button
Push-Prime button loosens stuck inlet check valve in case of priming issues

B ProXchange Pump replacement
Fast and easy on-the-job

C Compact design
Lighter than any competitive system

GX™ | Corded or Cordless, You Choose!

GX™ 21•

•• Flexible Clear Tubing

Easy to use and clean. Spray water or solvent-based paints directly from containers from 1 - 30 litres.

•• Convenient Drip Cup

Eliminates the risk of paint drips.

D •• Direct Immersion Design

Draws paint directly from paint buckets.

A B C Features - see p.6

•• Professional SG3™ Gun

With 2 RAC X™ tips, 15 m hose

•• ProX™ Power-Piston Pump

- Exceptional durability and long life piston pump
- Exclusive, lifetime lubricated wiper pad for maintenance-free operation
- Modular pump components for easy maintenance

GX™ 21 CORDLESS

• Powered by DeWALT™

Spray up to 11.5 litres per battery charge

- Corded and Cordless
- Cordless specific

GX™ | Corded or Cordless, You Choose!

GX™ FF

Hopper (5.7 litre) – Toolless removal

Ideal for small amounts of material
Lid included for spill-proof portability

Durable FTx™-E Gun

with RAC X™ tip, 7.5 m hose

A Adjustable Pressure Control

Allows you to spray or roll a wide range of coatings.

B PushPrime™

Assures fast priming every time — loosens stuck inlet check valves in case of priming issues.

C Pressure Gauge

Professional oil-filled pressure gauge

CONTRACTOR PC COMPACT GUN: SPRAY IN THE TIGHTEST AREAS WITH EASE

The Contractor PC Compact, 25% lighter and 25% smaller, delivering all-day comfort and control — designed for maximum flexibility in tight spaces. Reduce downtime 1-part, on-the-job gun rebuild.

GX™ FF Cordless

Powerful Brushless DC motor

Lightweight, compact design allows for increased portability
Powerful brushless motor provides extended runtime

Powered by DeWALT™

Spray up to a full day of fine finish projects with two fully charged DEWALT batteries

Transform your GX unit into the optimal renovation painting tool

JETROLLER™

Extend your sprayer

Use your preferred roller and combine rolling & spraying into one operation. Extend your sprayer with the JetRoller and minimize application time when combining rolling and spraying into one operation.

Benefits:

- Uses commonly available 18 or 25 cm roller covers.
- Completes large jobs in half the time of traditional methods
- Reduces overspray
- Eliminates reaching
- Eliminates climbing and continually reaching up and down

Kit includes a lightweight detachable roller frame, 50 cm extension, CleanShot™ Shut-Off™ valve, Inline™ gun, spray tip and guard.

PROXCHANGE™ PUMP REPLACEMENT SYSTEM

The Easy & Fast Pump Repair System

In four simple steps, you can remove and replace the pump cartridge:

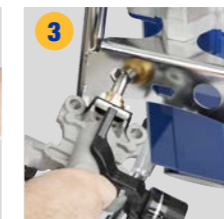

- No tools needed to remove pump
- Simply lift door to remove pump

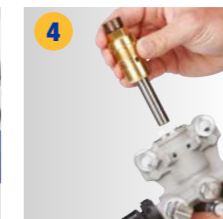

Slide & lift open access door

Remove pump section

Use frame hex fitting to loosen pump and remove cartridge

Install new cartridge and replace pump

! TIP

Replacement Pump
Avoid downtime by keeping a spare replacement pump to hand!

- 24W755 230 V, IEC320, multicord

Batteries

- 20A163 DeWalt™ 54V 6.0 Ah FlexVolt Battery
- 20A166 DeWalt™ Fan-cooled fast charger

OUR BRAND PROMISE TO YOU

Since 1926, **innovation**, **quality** and **A+ Service** have been at the centre of Graco.

Experience Innovation

Our focus on innovation results in products and equipment that lead the industry with technologically-advanced features, pioneering design, high performance and unparalleled reliability. In short, innovation is how you get better products!

Building Quality

You're investing in high-quality products built to last for years of reliable service. Moreover, we partner with our customers to better understand how you're deploying our products in the field, then use your experiences to improve performance and durability.

A+ service, every time

You'll see A+ Service in action when you contact any of our support services options no matter where you are in the world. We'll listen to your situation and work methodically to resolve it as quickly as we can. We are guided by a mindset of integrity and a customer service view centred on collaboration and relationships, not transactions.

We're here to answer questions and help address your needs:
