

SANIFORCE[®] BEVERAGE PUMP

Stainless Steel, FDA Compliant Construction

BEVERAGE (BV) SERIES PUMPS

Designed for wineries, breweries, distilleries
and general beverage transfer

PROVEN GRACO RELIABILITY

Made in the USA

FDA COMPLIANT CONSTRUCTION

Stainless steel fluid section and approved
elastomers designed for beverage transfer

EASY TO SERVICE

Externally serviceable air valve with reduced
maintenance parts

MADE IN THE USA

TRANSFER BEVERAGES. BETTER.

The SaniForce Beverage (BV) series pumps are based on proven Graco air-operated double diaphragm pump technology. The simple, easy-to-service design provides maintenance advantages over competitive pumps and increased operational reliability. They are designed to be a safe, cost-effective solution for your beverage transfer needs.

HYGIENIC CONNECTIONS

Quick tri-clamp connections

- Make hose connecting quick and easy
- Quick break-down for cleaning

EXTERNALLY SERVICEABLE AIR VALVE

Easiest to service in the market

- Can be replaced in a few minutes
- Consists of only 9 parts

HIGH PERFORMANCE

Max flow rates from 50 to 150 GPM

- Up to 120 psi
- Weighted neoprene ball checks for quiet operation
