

ALWAYS INNOVATING. ALWAYS RESPONSIVE.

For nearly a century, Graco has designed, delivered and supported solutions that you use every day. We help simplify everyday tasks and improve productivity for forward-thinking workers and businesses around the world.

Whether you're servicing vehicles, operating heavy equipment, performing maintenance repairs, working on an oil rig or running manufacturing lines, we're your one trusted source for proven lubrication equipment and bulk fluid management solutions designed to maximize your profitability. Because we understand just one hour of downtime can equal tens of thousands in lost revenue.

INNOVATIVE

We listen to our customers and adapt to their needs. Our investment in R&D is unparalleled, empowering Graco to create more reliable, connected and easier-to-use automatic lubrication equipment, bulk fluid management and fluid transfer systems.

QUALITY

From our best-in-class manufacturing processes, rigorous product testing and industry's best warranty, you always know that Graco solutions are going to get the job done – and stand the test of time. That's why you can find Graco products over 50 years old still in operation.

CONSULTATIVE

Being a consultative partner takes work – and we're always up for it. Graco and our distributors want to work with you to identify, design and install the best solutions for your needs to ensure you receive the maximum ROI on your investments.

RESPONSIVE

When you need an answer, we're just a phone call away. Our support team is committed to providing you with a superior customer service experience and a reliable and fast response. Because we know downtime means lost revenue.

SERVICE AND MAINTENANCE LUBRICATION EQUIPMENT

When you're moving hundreds of tons of earth every hour, your profitability is measured by every second of uptime. Choose Graco to dispense oil and grease to earthmovers, service trucks and other vehicles quickly and safely whether on-site, in the workshop or at the processing plant. Track it all with fluid management systems so you can follow every pour – and every dollar.

PUMPS

- **Fluids:** Oil, grease, gear lube, ATF, air, water, antifreeze, washer fluid, waste oil, diesel, diesel exhaust fluid (DEF)
- **Power:** Electric, pneumatic, hydraulic
- **Max Output Volume Range:** Up to 31 gpm (117 lpm) of oil or 57 lb/min (26 kg/min) of grease

REELS

- **Types:** Oil, grease, gear lube, ATF, air, water, antifreeze, washer fluid, waste oil, diesel, diesel exhaust fluid (DEF), electric, light
- **Drive Options:** Spring, hydraulic, electric and pneumatic
- **Hose Length:** Up to 150 ft (46 m)

FLUID MANAGEMENT

- **Insight:** Control and manage dispense inventory along with advanced reporting
- **Manage:** Wireless system tracks all dispenses, which can be viewed on any network device
- **Protect:** Pump air control automatically shuts off air supply preventing spills and expensive cleanup

METERS AND DISPENSE VALVES

- **Fluids:** Oil, grease, gear lube, ATF, air, water, antifreeze, washer fluid, waste oil, diesel exhaust fluid (DEF)
- **Models:** Manual, preset, in-line – digital or mechanical
- **Max Flow Rates:** Up to 20 gpm (76 lpm)

FLUID RECLAIM

- **Fluids:** Oil, antifreeze
- **Fluid Capacity:** Up to 30 gal (113 l)
- **Evacuation:** Gravity

AUTOMATIC LUBRICATION EQUIPMENT

Mining is a rugged and demanding industry requiring large equipment to manage heavy workloads. With large crews in an industry full of risk, Graco's single-line parallel and series progressive automatic lubrication solutions can be used for on-vehicle and material processing applications to enable equipment to surpass lofty industry operational standards.

PUMPS

- **Power Type:** Electric, pneumatic, hydraulic
- **Fluid Type:** Oil/grease up to NLGI #2
- **Reservoir Size:** Up to 90 lb (41 kg) or standard barrel length options
- **Max Output Volume Range:** Up to 1.1 lb/min (0.5 kg/min)

METERING

- **Fluids:** Oil, grease up to NLGI #2
- **Max Pressure:** Up to 6,000 psi (414 bar)
- **Max Output:** Up to 0.150 in³ (2.46 cm³)
- **Fluid Outlets:** Up to 22

CONTROLLERS

- **Power:** 9–30 VDC or 100–240 VAC
- **Inputs/Outputs:** 4/4
- **Modes:** Pressure / cycle / timer
- **Advanced Technology:** GLC X Bluetooth connectivity

WELL-OILED MACHINES RUN ON GRACO

In order to eliminate system design and streamline the sales process, we have created a quick-to-spec, quick-to-quote and quick-to-sell solution. Scan the QR code or visit graco.com/offroadselector to find an automatic lubrication kit for your piece of heavy equipment.
